Horizontal Directional Drilling Specialists

## CHALLENGER DRILLING, INC.

PROVIDING QUALITY HDD SERVICES SINCE 1998

*Challenger Drilling, Inc* utilizes “no-dig” trench-less technology techniques for the underground installation of pipes, conduits, anodes and cables in a range of sizes to suit most client’s needs.

### MARKETS SERVICED

*Challenger Drilling, Inc.*, specializes in providing quality Horizontal Directional Drilling services to a variety of markets, including Oil and Gas Transmission, Cathodic Protection, Water and Sewer.

Typical underground installations include the placement of HDPE & Steel Pipelines, Casings and Conduits under Roadways, Rivers, Creeks, Railroads, Greenbelts and any other area where disturbing the surface is undesirable. The installation of Anode Beds and Reference Cell Conduits for the corrosion protection of Pipelines and Above Ground Storage Tanks is also a specialty of *Challenger Drilling, Inc.*

Anode Bed installation at AST facility in Port Arthur, TX with Ditch Witch JT 2720 Drilling Rig
